emulators have chosen to use a
cartridge as a proxy for accessing
games that were stored on a PC hard

drive. While we do not condone piracy and cannot speak for the authors of these emulators, they did not need to be. You are responsible for the usage of these applications. As this website is in no way affiliated to any of the free ROM Hack software packages such as "pokemon rom hack gba rom hack", "pokemon sex game gba rom gba rom", "pokemon sex gba rom gba rom hack", we do not condone any

illegal activities. The software are provided for free use only. The software cannot be sold in any way. No support is provided. We would like to point out that using a ROM Hack is for entertainment purposes only. This website is not responsible for any damage caused by the usage of this software. However, please note that GBA ROM Hacks are not legal emulators! Despite using ROM

images, GBA ROM Hacks are not able to emulate the entire GBA hardware. This means that games that are played by the software above may not be playable with the GBA emulator you are currently using. In the event that these games are not playable, please do not blame the software above. It is your fault if you are not familiar with GBA ROM Hacks and how they work. Please do not report these as GBA

ROM Hacks. This will only help to discourage those who are using ROM hacks in good faith. If you are unsure whether a game is playable with a GBA ROM Hack or not, do not hesitate to contact the email address of the developer of the ROM Hack. Please note that we may not be able to provide you with technical support. All contact details are found on the respective pages of this website. Top
