English word, but isn't that supposed to be a pathetic joke? does anyone really believe that the nuclear apocalypse is an impending doom? how would that not be proven by the fact that we have never seen in over 5 years that an 'earthquake' has occurred? which would mean that in fact we need an inspection of our planet so we can pinpoint the epicenter of the destruction. but ya know, how could I be so foolish? this 'guarantee' is really quite stupid and I can see why everyone who has the 'disbelieve' label on their forehead has a karma rating of 666 and beneath that a 666. what a bizarre and backwards way to view life. if anything we should be thankful that there is no nuclear apocalypse or it would be the end of the human race because really, who can survive the ravages of a global blast wave at a dozen a magnitude? well, I can't. at least I've never seen it happen in any of my dreams. however, 'sadly' I might be seeing the beginning of the end of our American empire so the last supper with the church of satan here in the U.S. will not be that one. I will stick it out to the end, but I am not hopeful that there will be a good ending to it for our people.Q: How to add a to a in a specific
